REAL-TIME APP EDITING

## CONTACT CENTRE + MOBILE APP

Be the first to provide a unique combination of mobile app supported by a cloud contact centre for voice based interaction.

## DYNAMIC PROMOTIONS

Send special offers, intimation about new collection arrival, discounts & promotions and update them at any time, from anywhere.

## INCREASE BRAND VISIBILITY

With a dedicated Native Grade mobile app in iOS and Android stores, allow your clients to know your business through your premium app.

## MULTI-LANGUAGE SUPPORT

You can allow users to use the app in the language of their choice.

## TESTIMONIALS

This section will have all the good reviews from your clients to increase trust and acquire even new clients.

## OFFLINE AVAILABILITY

Provide static information to users which work even without an internet connection.

## SOCIAL MEDIA INTEGRATION

Convert mobile app users to social media followers through in-app live feeds and integration.

## NEWS AND MEDIA

Upload all news and media coverage of your business that helps build your brand value.
